Joan Wright – Managing Partner
Paulette Davies – Assistant Practice Manager

Committee Present

Brian Ross – Chairman
Fred Fielden - Vice Chairman
Brian Jackson - Treasurer
Geoff Letten
Annie Carrick

Apologies - Kath Letten - Secretary
Richard Coe -

Matters for Discussion

Intake of Patients from Dr Islam's Surgery, Stainforth

The practice has recently registered over 300 patients from the above surgery due to closure, this has had a big impact on appointments and workload for the staff. Extra GP locum cover has been arranged to try and cope with this influx of patients and ensure sufficient appointments have been available. On some occasions this has been very difficult but hopefully the situation has now gone back to normal service

Future GP sessions

Joan informed the meeting that Dr Unuigbe, Salaried GP, has accepted a partnership at Carcroft Health Centre and will be leaving the practice on 30th June 2010. Further associate/locum sessions have been arranged to cover for Dr Unuigbe's sessions, they are as follows:-

Dr Mohan will continue to work Monday to Wednesday and Friday

Dr Jackson will work Monday all day Tuesday morning, all day Wednesday and Thursday

Dr Gibson, Associate GP, will be undertaking 5 sessions from beginning of August, Tuesday all day, Wednesday morning and Friday all day

Dr Waseem, Locum GP, will be undertaking a regular Thursday morning session

Dr Alla, Locum GP, will be undertaking a regular Thursday afternoon session

Computer System

The practice computer system is to be changed at the end of September 2010 to TPP System One, this system is the system of choice for Doncaster and will allow the practice to access the patient spine. The practice may have to arrange for prescriptions to be generated early a couple of weeks before the changeover to eliminate the need to input information from the old system to the new system manually.

Patient Group Bank Account

The account has a balance of £804. Brian Ross suggested the group use these funds to develop a website for the practice but developed and paid for by the patient group. After discussion it was agreed Brian would put some ideas and costings together and forward to Joan who would then pass to other member so f the group to discuss at a future meeting.
